STAY GOOD, DO GOOD

Located in Royal Victoria Docks, close to the exhibition and convention centre ExCel, you find the 3-star Good Hotel with an interesting history and concept. The hotel has a well-doing purpose and a part of their income is donated to schools in Guatemala. The hotel also helps long-term unemployed young people from the local area by offering them education and employment. Good Hotel is located on a floating platform which was transported from Amsterdam to London across the North Sea in 2016. The hotel has 148 rooms with a laid-back chic industrial design and furnishings. They have four meeting rooms and a nice roof top terrace that is open during the summer. The DLR-station Royal Victoria is just a few minutes away and you can reach Tower Hill Station in only 20 minutes by train.

In the Royal Victoria Docks area, there are several team-building activities to offer for your group, such as wakeboarding and paddle boarding on the river or Escape Rooms where your team is locked in a room and have to solve clues to find their way out together. Next to Good Hotel you find The Crystal, one of the world's most sustainable buildings. They have an exhibition open to the public and can arrange guided tours. You can also take the cable car across the River Thames to the O2 Arena to attend a concert, visit a restaurant, go bowling or to the cinema or visit the new shopping centre Icon.
